LABOR LEADERS OPPOSED TO TAFT FOR PRESIDENT

FEDERATION'S OFFICIAL ORGAN
CALLS HIM "THE INJUNCTION
STANDARD BEARER."

WILL SURRENDER LABORER

To the Worst Elements of the Capitalistic Class, is Opinion of Samuel Gompers.

Washington, Sept. 25.—Organized labor, as represented by President Samuel Gompers of the American Federation of Labor, formally opened its campaign today against Secretary Taft as a presidential aspirant. In the Federation's official organ Gompers prints a hot five page editorial, headed, "Taft, the Injunction Standard Bearer."

His remarks are based on Taft's decision as a federal judge in Cincinnati with reference to boycotts, and his recent discussion of labor questions in his western speeches.

Secretary Taft's contention with reference to what he terms the "boycott" would, if carried to its logical result, declares Gompers, "lead to the dispersion and forcible breaking up, by court orders, of every assemblage of working men, however innocent or lawful in their purpose, and to the nullification of all their agreements."

"The fact of the matter is that Secretary Taft as a presidential aspirant is 'afraid' he may have ruffled a feather here and there in the plume of capitalist power. His parting words are to console corporate influence and the money power for any uneasiness as to his position. He substantially assures them that if they will but give him their support, he will hand over to the tender mercies of the worst elements of the capitalist's class the working men of the United States, bound hand and foot, shackled by injunctions for which he will stand."

VACATION ENDS

AND PRESIDENT ROOSEVELT
LEAVES OYSTER BAY WED-
NESDAY MORNING.

Given a Hearty Cheer and a Fervent
God Speed as the Train Pulls
Out of Station.

Oyster Bay, N. Y., Sept. 25.—His summer vacation ended, President Roosevelt took the 10 a. m. train today for Washington. He enjoyed typical "Roosevelt weather." It rained cats and dogs nearly all night and even the wisest clam-digger and oyster men predicted a continuation of the storm today, but the clouds rolled away before the sun rose and when the villagers had gathered at the station to bid their distinguished neighbor God-speed conditions were perfect.

Two express cars containing the president's horses, carriages, office paraphernalia and other baggage, left Oyster Bay about an hour ahead of the presidential party.

Long before Mr. and Mrs. Roosevelt and the children arrived at the depot to take the special train, the townspeople were gathered on the platform. They gave "neighbor Roosevelt" a rousing cheer as his yellow-wheeled wagon appeared and cheered again as he stepped from the vehicle.

Then everybody made a rush for the

JAPANESE THINK TAFT'S VISIT WILL REMOVE ALL FRICTION

Tokio, Sept. 25.—Figuring that Secretary of War Taft's "world's tour" is at least semi-diplomatic in its character, Japanese statesmen are hoping great things from the American's coming visit to this country. Both in official circles and in the native class speculation is rife concerning possible negotiations on emigra-

OHIOAN FAVORED BY REPUBLICANS, DEMOCRATS WANT FAVORITE SON

Lincoln, Neb., Sept. 25.—Yesterday was the day designated under the new state primary law for all political parties represented on the primary ballot to hold their state platform conventions. Of the five parties, the Republicans, Democrats and Populists gathered in considerable numbers. The Prohibitionists will hold no convention, and the Socialists were without representation except for one delegate, who certified to a platform and organization with the secretary of state. The Republican convention, which was most largely attended, was primarily a business meeting, with little oratory. Secretary Taft was indorsed by the Republican convention. The feature of the Democratic convention was the speech of W. J. Bryan. He congratulated the party, state and national, on having emerged from the valley of the shadow of death, which, he said, the Republicans hopelessly divided were just entering. He insisted that the title of "Great Postponer" belonged to Secretary Taft, because while he favored tariff reform, he was obliged by the party pressure to advocate putting off the day of action.

New York, September 25.—"Would a victory for government in this case mean a Wall street panic, as almost every one on the street professes to believe?"

"That is utter rubbish. If we win it will be the greatest thing that ever happened for the country's business. It will give confidence, not take it away."

When John G. Millburn was asked what would happen if the government won, he said:

"That's too big a question to answer. I don't know what they are trying to do. Thus far, under court decisions and the law, you can not take a man's property away from him, but the Lord knows what we are coming to. You can see that we are not worrying. I never stopped to think what would happen if we lost the suit, because such a thing never occurred to me."

But it occurred to John D. Rockefeller, whose whereabouts are not being mentioned; to Henry H. Rogers, who is "ill" at Fairhaven, Mass., and to John O. Archbold who is holding the fort at 26 Broadway.

Perhaps it has, occurred to them too, that if the government should win this suit, other actions of a slightly different character based on much the same information probably would follow quickly.

Perhaps after all, some of the "little fellows" in Wall street and some of the financially maimed along the octopus' path, are not jealous now of the arch harvesters of gold.

It may be, too, that President Roosevelt and Attorney General Bonaparte have chosen even better than they knew when they selected the silver haired, clear eyed little lawyer of gentle demeanor to carry out their promises. Already he is widely talked of for Bonaparte's place, and if he continues in his success there might be still further conversations about his fitness for the seats of the mighty.

GERMAN AIRSHIP IS SUCCESSFUL

AGED AERONAUT SPENT OVER
FOUR HOURS IN THE AIR
ON TRIAL TRIP

And Passed Over Five States at a
Speed of Thirty-Eight Miles
an Hour.

Berlin, Sept. 25.—At Constance, Count Ferdinand Zeppelin, the German aeronaut, made the most successful aerial voyage hitherto achieved in any dirigible balloon. He spent 4 hours and 17 minutes in the air, completely circumnavigating the Lake of Constance and passing over five different states. The speed of the airship is estimated to have been at least 38 miles an hour. When both motors were in operation it easily outdistanced the numerous steamers laden with observers that followed on the lake. Zeppelin, who is 69 years of age, was in command of the airship, which bears his name. He had with him two assistants and a crew of seven men to run the motors. The airship executed the most diverse evolutions with the greatest ease. It moved back and forth before the windows of the royal castle at Friedrichshafen, making the turns on a very small radius, and coming down the homeward stretch it ascended or descended at the will of the pilot, at times also dipping into the water and then rising to a height of 600 feet. The balloon used was on a rigid frame 240 feet long over all. It holds 11,000 cubic meters of gas.

NEW YORK, Sept. 25.—Unless some friend comes forward by tomorrow to tell the history of Mrs. Margaret Carter, who shot herself in the home of John Hay White Jr., on Friday, she will be buried as the last few years of her life were spent—a mystery. Mr. White, who was supposed to know as much of Mrs. Carter's affairs as any one, told the police he knew nothing of her antecedents or relatives.

Wrecking crews and doctors have been hurried to the scene. The special train carried the passengers who were to board the steamer Adriatic which was to sail this afternoon. It left Paris at 8:50, ten minutes ahead of the regular express. Because of a slight accident to the interior of the first locomotive the train was stopped just outside of the tunnel to permit the engineer to make repairs. Through an oversight, it is asserted, a flagman was not sent back and the express, crashing around a curve at a very high rate of speed, smashed into the rear of the special, telescoping the last car. Frightened women and children jumped from the wreckage and ran hysterically into the darkness of the tunnel. As soon as possible the injured were brought here on a special train and taken to the local hospital.

TWO BANK CLERKS HAVE GONE WITH MANY THOUSANDS

Baton Rouge, La., Sept. 25.—Oscar Kondert, formerly cashier of the First National bank here, is missing, while United States officers are searching for him with a warrant charging him with a defalcation of \$71,000. It is alleged that the shortage was discovered over a month ago, but that Kondert and his friends made good the greater part of the loss. The bank officials, it is said, declared themselves satisfied, but the federal officials decided to prosecute the case. A warrant was also issued for the arrest of Hillary Schroeder, a bookkeeper, on the same charge as was made against Kondert. Neither has been found, although both were in Baton Rouge Monday night.

TANK EXPLODED FOUR PERISHED

Gallipoli, O., Sept. 25.—Four persons perished when the gasoline tank on the yacht Blanche M. exploded. They were thrown into the water and drowned. The dead: John E. Edwards, clerk in Gallipoli postoffice; J. R. Simmons, druggist, Harrisville, W. Va.; E. H. Brake, assistant cashier of Harrisville First National bank; and J. Willis Fiddler, postmaster at Harrisville and secretary of the West Virginia congressional committee.

SECURE JURY

To Try Senator Borah and the Prosecution Makes the Opening Address.

Boise, Ida., Sept. 25.—A jury to try United States Senator Borah on a charge of conspiracy to defraud the government out of timber lands was completed in the United States court. The opening address to the jury on behalf of the United States was made by Mr. Burch of Detroit, special representative of the attorney general of the United States. He dwelt at length on the details of the charges set forth in the indictments—that of conspiracy to defraud the government out of timber lands by inducing persons to make false entries. Mr. Burch declared that former Governor Frank Steiensenberg was one of the leading members of the conspiracy.

(Bulletin.)
Nantes, France, Sept. 25.—Several Americans are reported badly hurt as the result of a collision on the main line of the Paris-Cherbourg railroad today. The Cherbourg express from Paris crashed into a special train carrying trans-Atlantic passengers just beyond Breval tunnel. The impact was terrific and the special was telescoped, fifteen persons being hurt, several of them were hurt in the express. An American woman and her daughter were pinned down in the wreckage. CIRCULAR SENT TO STOCKHOLDERS BY J. F. HARAHAN

IN WHICH HE MAKES SERIOUS
CHARGES AGAINST STUYVE-
SANT FISH.

LOANED HIMSELF MONEY

From the Treasury of the Illinois
Central Upon Unmarketable
Securities.

Chicago, Sept. 25.—In a statement issued to the stockholders of the Illinois Central railroad, President J. T. Harahan declares that the charge made in the circular letter of Stuyvesant Fish that the Illinois Central accounts have been padded or in any way manipulated is untrue.

Mr. Harahan says further Mr. Fish knows that there has been no change in the relations of the Illinois Central with the Union Pacific and Southern Pacific, and charges that the reference to domination by the Union Pacific is merely an effort to further Mr. Fish's own interest.

Mr. Harahan continues: "The attack made by Mr. Fish upon the character of his fellow directors and upon the operating, accounting and traffic officers of the company warrants a full statement to the stockholders of the reasons why Mr. Fish was not entrusted with the continued management of the property. I enclose herewith a copy of a letter addressed by the directors of the company to Mr. Fish under date of Nov. 7, 1906, setting forth specifically some of the reasons why they would not vote for his re-election as president. There were other reasons of a controlling character which were referred to in general terms, but out of consideration for Mr. Fish were not specifically mentioned in that letter. The most conspicuous of these is that while Mr. Fish was president of your company and as such the virtual custodian of its treasury, he loaned to himself as an individual about \$1,500,000 from the treasury of the company upon security of his own selection, which proved to be inadequate and unmarketable. Mr. Fish being unable to repay the loan, or to satisfactorily secure it, there were various consultations among his friends on the board of directors and negotiations designed for the payment of the indebtedness and the protection of the credit of the company as well as Mr. Fish's reputation. After it was demonstrated Mr. Fish was unable to reimburse the company, a director individually loaned him the money necessary to repay the company. In order to secure this loan, Mr. Fish pledged not only the unmarketable collateral above mentioned, but also conveyed his residence in the city of New York and his undivided interest in the estate of the late Hamilton Fish. Out of consideration for Mr. Fish, such conveyances were not placed on record. The director making the loan carried it for several years until Mr. Fish was able to liquidate it.

"Furthermore, Mr. Fish, who was a member of the executive committee of the Trust Company of the Republic, and was very active in its affairs, deposited a large amount of money of the Illinois Central Railroad company in that company after its credit was seriously impaired, and although this was ultimately collected, the process required several months and during that time the risk was a cause of grave anxiety to the directors. Moreover, he loaned to the president of the Trust Company of the Republic individually money of the Illinois Central Railroad company upon inadequate securities with the result that the railroad company was unable to collect the entire amount and suffered a loss. It is due to the officers and directors, whose motives and conduct have been impugned and to the stockholders to whom Mr. Fish has addressed an appeal based upon his charges, that these facts should be known."

HUNTING FOR A YOUTHFUL HERO

New York, Sept. 25.—Officials of the Long Island railroad are looking for a small boy who warned the agent at the Little Neck station Monday night of a landslide on the line of the road near there and prevented a serious wreck. The youngster rushed into the station but a few moments before the train was due. Acting on his warning, Agent William Duryea succeeded in flagging it in time. The railroad would like to do something for its youthful benefactor if it could find him.

While Duryea was stopping the train the boy disappeared.

Rome, Sept. 25.—As his answer to the accusation that his recent "anti-modernism" encyclical proves the Roman church an enemy to scientific progress, the Pope will at once ask the Catholic world's aid in establishing a mighty institute to further all scientific thought and research compatible with religion.

Cardinals Rampolla, Maffi, and Mercier, who made the report outlining the plan for the institute, are to be made its protectors. They recommend that no time be lost in starting the work and the Pope has already signified his intention of approving their suggestions.

TAMMANY WINS IN N. Y. PRIMARIES

New York, Sept. 25.—The primaries for district leaders and delegates to the judicial nominating convention leave the factional line-ups in the two parties practically unchanged. Two of Mayor McClellan's candidates, Maurice Featherston and Francis J. Lantry, were re-elected district leaders with many votes to spare. The re-election of these two out of 35 districts in Manhattan had been generally conceded by the Murphy supporters. The Republican situation remains as before, Herbert Parsons being safely entrenched.

BIG MEETING OF GRAIN DEALERS IN CINCINNATI

Cincinnati, Sept. 25.—The annual meeting of the Grain Dealers' National Association is to be held in this city next week, with a two days' session. A number of prominent persons, both in the grain trade and in public life, are to address the convention at its headquarters at the Hotel Sinton. On Wednesday, in addition to the addresses of welcome and the reports of the several standing committees, the convention will be addressed by Geo. F. Reed of Boston, upon the subject of Export Grading; at his session Senator Foraker of Ohio is to address the convention upon public questions.

At the second day's session, to be held on Thursday, the convention will be addressed by William Ingle of Baltimore, upon the subject of Bills of Lading, and at the same session Hon. Martin A. Knapp, chairman of the Interstate Commerce Commission, will explain the workings of the new rate law.

The indications are that this will be one of the largest conventions ever held by grain dealers, and it is expected that at least a thousand dealers from the middle west will be in attendance.

The officers of the association are: Charles England, president, Baltimore, Md.; W. S. Washer, first vice president, Atchison, Kansas; Fred Mayer, second vice president, Toledo, O.; John F. Courcier, secretary, Toledo, Ohio.

ALFALFA IN OHIO

(By Allen O. Myers.)

This work, announced some time since, has been issued from the press and 'The Advocate' received a copy from the publisher—Fred J. Heer, Columbus, Ohio. The book is a very neat and excellent specimen of the printer's art, and the contents must prove valuable to every farmer, as showing the possibilities of one of the most wonderful forage plants and feeds that has ever been sent to lighten the tasks and increase the profits of the farm.

The book contains twenty-three chapters, covering every possible phase of the culture of alfalfa. It shows the best ground to sow it on, how to prepare the ground, how much seed to use, how to harvest the crop, its value as a feed for all kinds of stock and so on. The book is not burdened with scientific terms, but is written in plain language, so that every reader can grasp the meaning of every sentence. It is a message of a farmer to farmers, as this is the only book ever written on Alfalfa. In it Mr. Myers tells what he has done and how he has done it and why. It is a book of practice and not of dreams and idle theories. It is amply and beautifully illustrated with cuts of plants that explain the text. The advice about the amount of seed to sow will save the price of the book ten times over. The price is \$1.00 and the book may be had by addressing the publisher, Fred J. Heer, Columbus, O. The book will be sent for \$1.00, the postage prepaid.

LICKING COUNTY FAIR.
By a regretted error the G. A. R. day at the Licking County Fair was advertised on Friday, of the Fair instead of Wednesday, October 2nd. All veterans of the war will be admitted on that day by presenting themselves at the gate with their

badges. The management are desirous of having as many of the veterans of the war especially of the civil war as possible. All are cordially invited and urged to attend on Wednesday. Survivors of the civil war are rapidly growing fewer and not many years in the future they will be rare indeed. Let all who are not detained by sickness remember that they are welcome and will be made to feel so.

EDMOND VANCE COOKE

Noted Cleveland Poet, Will Be One of the Treats of the Entertainment Season.

The Y. M. C. A. is to be congratulated on securing the services of the famous Ohio poet, Edmond Vance Cooke, who will appear on the Star course, November 27, in an evening of what he calls "Pot Luck With a Poet." "Current Literature" in quoting one of his latest poems speaks of him as having "recently taken a deep hold upon the hearts of many men and women in all parts of the country." Mr. Cooke is not only a poet, but a humorist and combines with these rare gifts the talents of an impersonator who knows how to portray the heart of his characters. Following is one of his characteristic poems:

'Here's a motto just your fit: Laugh a little bit!
When you think you are trouble hit, laugh a bit.

Little hills will surely betide you;
Fortune may not sit beside you;
Men may mock and fame deride you,
But you'll find them not a whit,
If you laugh a little bit."

Philadelphia, Sept. 25.—The Pennsylvania and Reading railroad companies announced that during October the round trip fare within the state of Pennsylvania will remain the same as at present, pending a decision on the constitutionality of the 2-cent fare law, which goes into effect Oct. 1. In some instances where the fare exceeds 2 cents a mile the rate will be reduced to 2 cents.

Egg Baking Powder

Is FREE From Tartaric Acid or Alum

There are several brands of bad baking powder on the market. Look out for them!

Some kinds have Cream of Tartar in them. Others have Tartaric Acid or Alum. All of these substances are corrosive poisons!

Of course these bad baking powders do not contain enough dangerous ingredients to kill anyone—just enough to produce an irritating effect on the stomach and bowels.

Bad baking powder is one of the great causes of dyspepsia and nervous troubles.

You can protect yourself from all danger and insure better baking results than you ever had before, by using the famous Egg Baking Powder.

Egg Baking Powder is made from wheat phosphates and egg albumen.

The wheat phosphates which form the acid ingredient have both food value and tonic properties. On the other hand the Cream of Tartar and Tartaric Acid of some high priced baking powder or the Alum of low-price brands has no food value at all.

After heat and moisture have been added, as in baking, this acid forms strong metal salts which are highly injurious.

Don't allow a grocer to sell you a baking powder that breeds dyspepsia! If it is free from Cream of Tartar, Tartaric Acid or Alum, the label will say so!

Insist on pure, wholesome, Egg Baking Powder—it's safe. Not only healthful, but has wonderful leavening power. Insures best baking.

All good grocers sell "Egg." Send us a postal for free copy of *The Egg Cook Book*.

The case of Charles W. Bournier, et al., vs. The Homestead Building and Savings company, was called up in Common Pleas court. It was stated that the death of George P. Webb, former receiver of the defendant company has made it necessary for the court to appoint a successor; that certain litigation pending makes it important that the appointment should be made at once. The court stated that the name of Joseph E. Pugh had been suggested and unless there was some objection the court would appoint him. An entry was drafted for the approval of counsel, appointing Mr. Pugh receiver of the company, and the entry was approved.

He gave a \$100,000 bond.

The case of Myrtle Ruth Brown vs. The C. B. L. & N. T. Co., is on trial to the court and jury Wednesday. The action is brought to recover \$15,200 for damages for personal injuries received by Mrs. Brown several months before her death while passenger on defendant's car. Constable Brooks of the office of Justice Lake, had a mighty busy day Wednesday, in fact just about the busiest he has had for many moons. He captured the men on Fourth street, near Locust.

Shortly after that Jacob Zsavalatz of Jackson street appeared and swore out a warrant charging Dave Walters, Carey Walters, Stanley Kincaid, Earl Kleet and Clark Ramsey with the theft of two heating stoves from his home. NEW RECEIVER

Of Homestead Building Association is a Most Capable Young Man, Well Equipped.

Wednesday morning the court of Common Pleas appointed Mr. Joseph Pugh as successor to Mr. George P. Webb, late receiver of the defunct Homestead Building association.

The appointment was not a surprise and gives general satisfaction to the creditors of the institution and to all who have any business dealings with its representatives.

Mr. Pugh was sworn in by Deputy Clerk E. Larason, and qualified by depositing a bond for \$100,000, signed by the Fidelity and Guarantee company of Baltimore, Md. He will begin his duties at once.

Mr. Pugh is a product of the Newark high school, and after his scholastic training took the position of secretary of the building association before its failure. After the collapse he worked there assisting expert A. M. Weber in arranging the details, and straightening up the affairs of the institution. He is now book-keeper in the offices of the Licking Light and Power company, and in every way is well equipped both by training and experience to take up the multitudinous duties which will devolve upon him as receiver.

A Nurse's Story

If you are a sufferer from headache, neuralgia, or pain from any cause you should read the following letter from a nurse.

"For sometime I have felt it my duty to write you. I was having my doctor twice every week for headache. He did for me what was so something to ease the pain. Sometimes the pain was so severe that I could not speak, and members of my family stood over me and gave me medicine every fifteen minutes until I was relieved. A sample of Dr. Miles' Anti-Pain Pills fell into my hands. I read the circular very carefully, and found my case described exactly. The next time my head began to ache I took the Pain Pills according to directions and I felt I was getting better, so I sent to the drugist for a box and took them until I was so much better that I was about the house all the afternoon. I have not had a doctor for headache since. When he met me sometime after he wanted to know how I was, and I told him what I had done, and he replied: 'If you have found anything that will help you, stick to it' and so I have. Being a nurse I have recommended them to a great many grateful people. One case I will mention. I saw a doctor go to a neighbor every week for months because she had such awful headaches; but for a long time I dared not suggest anything to her. One day I met her and I gave her a half a box of Anti-Pain Pills and she used them and has had no doctor since. She says they are a great blessing to her and said, 'why didn't you tell me about them before.' I could tell you of many similar cases."

MURDER CHARGE AGAINST WOMAN

WHO WAS ARRESTED IN CHICAGO FOR CINCINNATI CRIME

County Clerks Will Not Work for the Repeal of the Salary Law—Ohio News in Brief

Cincinnati, O., Sept. 25.—A woman believed to be Margaret Graftin, alias Billington, was arrested at Chicago on suspicion of being wanted in connection with the murder in this city of former Magistrate G. T. Singleton of Covington, Ky. Singleton was found tightly bound and bleeding at the nose and mouth in a room on Richmond street Aug. 28, and died a few days later. Torn papers and other articles in the room suggested that he was a victim of the so-called "badger game" and the police have since been searching for the woman and two men who had used the room and were with him the night before he was discovered. The woman was known as the wife of one of the men and their home was given as Cleveland, but an identification of the second man seemed impossible. It is said a man named Castro committed the murder.

Not For Repeal of Salary Law.
Columbus, O., Sept. 25.—Chairman Thomas J. Edwards of the legislative committee of the County Clerks' association, denied the accuracy of the report that the committee met here Monday for the purpose of working for the repeal of the county officers' salary law. He also said the association did not intend to lobby for an increase of salaries. The meeting here, he said, was for the purpose of framing a bill to make the fees paid by litigants uniform.

Kentuckians Asphyxiated.
Hamilton, O., Sept. 25.—The dead bodies of two men, John Lavell and Tom McLaughlin of Lancaster, Ky., were found in a room in the St. Charles hotel, where the men registered at midnight. A third man in the party, Ben Marcie, left the hotel early in the morning. It has not been determined whether the men committed suicide or were accidentally asphyxiated by gas. Marcie was located later, but could throw no light on the tragedy.

Fire Reduces Oil Refinery.
Marietta, O., Sept. 25.—The Sterling refinery suffered a heavy damage by a fire, caused by spontaneous combustion. More than 200 barrels of finished product were consumed. The Sterling company is one of the independent refineries mentioned as making an agreement with the Standard Oil company. The plant is located out of the city limits, where there is no fire protection.

Bell Fell; Woman Killed.
Bellevue, O., Sept. 25.—Mrs. James Lawrence met death at her home, near Waynesfield, in a most unusual manner. She went into the yard where the bell hung to ring the call for dinner for her husband son, working in the fields, and while she was ringing it the bell broke loose from its fastenings and fell on her head and killed her instantly.

Dived From Flying Train.
Dayton, O., Sept. 25.—In a desperate fight for freedom, William E. Burch of Glendale, O., a federal prisoner en route to Cincinnati in custody of Deputy Marshal Sanderson, plunged headforemost from a fast-flying Cincinnati, Hamilton & Dayton train near here. His neck was broken and death was instantaneous.

Bullet Through Head.
Upper Sandusky, O., Sept. 25.—J. Devore of Forest committed suicide because, it is alleged, of family troubles. He arose early, walked up town without speaking to any one and back home again. Then he went to his room, placed the barrel of a 22-caliber rifle in his mouth, and discharged the weapon.

Fate of a Farmer.
Marion, O., Sept. 25.—George Carhart, 71, a farmer, didn't want to stand and wait while a Big Four freight train passed him east of the city. He ran across the track in front of the freight and was struck by an Erie passenger train and was instantly killed.

Grand Jury Reports.
Ottawa, O., Sept. 25.—The grand jury brought in nine indictments. Most of these were arson cases, but the prosecutor withholds all names. No action was taken in the Provant murder case, as the authorities decided they had not yet enough evidence to submit to the grand jury.

Schoolgirl's Death.
London, O., Sept. 25.—Gertrude Guy, a 14-year-old schoolgirl, after riding her wheel to school dismounted and seated herself under a tree. Within two minutes her little sister came to her and found her dead. Heart trouble is supposed to have been the cause of death.

FRESHMEN WON CLASS RUSH FROM SOPHOMORES AT DENISON

Granville, O., Sept. 25.—For several days past there has been a feeling among the students of Denison University that there would be something doing as the class spirit between the members of the Freshmen and Sophomore classes has been running very high. As a result of this feeling the Sophomores got busy Tuesday night and captured about half a dozen Freshmen, taking them to Beaver Field, where they were found Wednesday tied hand and foot. At an early hour Wednesday morning word got around that the Sophomores had assembled in numbers on Beaver Field. The Freshmen then began to gather on the hill and in a short time some fifty or more formed in procession and marched to the vicinity of the postoffice where they made preparations for the inevitable scrap.

The Freshmen blackened their faces with burned cork so they would have no difficulty in distinguishing the Freshmen from the Sophomores. They also purchased a large amount of rope and about 9 o'clock marched to Beaver Field where they found the Sophomores dancing around a twenty-five foot section of 16-inch gas pipe that had been set in the ground, and on top of which was a tin flag bearing the numerals, "10."

The members of the upper classes warned both sides that all slugging and use of clubs was prohibited. It was agreed that if the Freshmen did not succeed in getting the flag down in three hours that the Sophomores would be declared the victors. The Freshmen then formed like a wedge and charged the Sophomores, and soon succeeded in capturing their leaders and tying them securely. From the very first the Freshmen seemed to have the advantage on account of their superior numbers. As soon as the Freshmen had secured the leaders they attacked the pole, and by sawing it back and forth succeeded in loosening it and pulling it down, but secured the flag only after considerable difficulty as it had been securely fastened to the pipe.

From the start it was only twenty minutes until the Freshmen had possession of the flag and they started up the hill. As soon as they reached the top of the hill they gave nine "rahs" each for the Freshmen, for the twenty minutes that it had taken to secure the flag and for Bob Whyte, the president. The rush was clean and square

from the start, and only two or three sustained slight injuries.

Steamer In Shelter.

Sault Ste. Marie, Mich., Sept. 25.—The Anchor line steamer Japan was reported by her captain as being in shelter at Grand Marais, Mich. Rumors had been current that the Japan with her crew and passengers was lost in Lake Superior, west of White Fish point, where the steamer Alexander Nimmick was wrecked Saturday night with a loss of six lives. The Japan arrived at Grand Marais Sunday and is probably still in shelter there.

Steamboats in Collision.

Montreal, Sept. 25.—The Mongolian of the Allen line collided with the Hurona of the Thomson line some time last Sunday, in the vicinity of the Straits of Belle Isle. The Allens received a telegram from Fame Point that the Mongolian was returning to Quebec, accompanied by the Hurona, and the report adds that both boats are badly damaged. The Mongolian had a large number of passengers on board and was bound for Glasgow.

The Garnellas, the comedy sketch artists, who are probably the features of the show, are scoring a hit nightly. This act must be seen to be appreciated.

The three Auburns, juvenile artists, are most clever. The boy is a most promising comedian. Bring the children and let them enjoy a clean, wholesome show.

Kittie Bingham, the impersonator of some of today's stars, such as Hattie Williams in the "Little Cherub," singing "Experience" and Vesta Victoria, singing "Poor John," is making more than good.

Ada Fairchild sings "She is a Grand Old Lady" most pleasingly, and the moving pictures are good. Secure your seats early at the box office. Seats on sale all day.

Marion, O., Sept. 25—After having apparently lost the game to Newark, the Lime Burners went after Laddy Linke, the left hand wonder, and when the fusillade was over the contest was cinched by a score of 7 to 4.

The game was another of those weird contests, and was filled with enough excitement to keep the small handful of fans on the qui vive. Gus Fox opposed Linke on the mound, and the sloppy sphere slinger was touched up for seven safeties, several of which came at critical times. But Fox's support was not the best at times, and errors figured in the run getting.

In the second Burke led off with a single to right, Lucas sacrificed and Burke went to third when Blough beat out a slow one toward first. The medic immediately pilfered second, but there was nothing doing, as Hogan fanned and Fox went out from McClintock to Gygil.

It was in the next frame that the Lime Burners assumed the aggressive by getting two tallies. Mylett beat out a slow one down the third base line and went to third when Quinn doubled to left center. Both men were held on the bricks while Daubert went out from Murray to first. Timothy Flood was all the grapes when he smashed a liner into center, scoring both men. Flood was forced by Burke and he in turn was forced by Lucas.

Newark came back in the next and got a tally. Davis got two bases on a Texas leaguer that Burke should have taken in. He scored on Gygil's cracking double to right. Murray sacrificed Gyg along a notch and McClintock twice bunted foul on the squeeze and then fanned. Pearce ended it by lifting one to Burke.

Newark got the habit in the sixth and forged ahead. Wratten slashed one into left and Davis rolled one to Daubert who threw low in trying to nip Irve at second and both runners were safe. Gygil sacrificed and on Hogan's passed ball Wratten scored. Davis moving to third. Murray drove one through Daubert's legs into right field and Davis counted. McClintock and Pearce were grapes.

In the lucky seventh the hopes of the fans were revived when Marion tied the score. Fox doubled to left in nice style and Mylett whiffed. Quinn beat out an infield hit and Fox went to third. Daubert lifted a long fly to Davis and Fox came in

with the run that evened things up. Quinn was caught trying to purloin the second bag.

But it was in the eighth that the real things happened and the pennant chasers were given the most severe clouting they have had for many a day. Flood binged one on the klipper into center and Burke beat out his bunt. The bricks were full when Jimmy Lucas stopped a fast one with his hip. Blough's cracking drive into left center scored Flood and Burke. Blough went to second when Hogan sacrificed. Fox was safe at first on Murray's error. Mylett's single to right scored Lucas, but Abbott nailed Blough at the rubber. Fox started for third and Pearce threw to left field trying to nab him while the gloomy person counted. Mylett was in the meantime whooping things up around the base line and turning third he started for the plate, but was caught by Lefty Snyder's perfect peg.

Newark got one run in the ninth on McClintock's hit, a passed ball, and Lucas' error. The score:

AKRON FANS ARE STILL ON THE RAMPAGE

Scenes of the wildest disorder attended the baseball game Saturday afternoon in Akron. The New Castle players were mobbed by a crazy crowd of Akron fans, and had it not been for a small detachment of police, it is likely that some of the Nocks would have been badly injured.

All during the trouble, President Morton of the O. P. league, occupied a seat in the grandstand and aside from growing excited, never made a move to stop the disorder. The occurrence is the most disgraceful that has ever attended a baseball game in the league during the two seasons of its existence and it is to be deplored.

Heretofore Akron has always shown a fairness in sport that has been appreciated all over the circuit. In this blind, mad dash for the pennant, the fans of Akron have forgotten their manhood. They have been turned from a conservative, enthusiastic body, into a mob of furious, howling demons. The worst feature of it all is the fact that President Morton, that individual who has thrown aside his reputation and manhood, is doing everything in his power to make Akron win the pennant.

The riot Saturday was a mad occurrence, but in comparison to the stand taken by Morton it is a mere nothing. All during the game the crowd threw insulting remarks at the players of the New Castle team. They crowded out on the field and interfered with the playing. When the first game had finished, President Hyde notified Manager Smith to take his team from the field; that the arranged second game was not to be played. When the umpire announced this, the fans poured down onto the field and surrounded the New Castle bunch.

Hundreds of cushions were thrown at the players. Pop bottles whizzed through the air and narrowly escaped striking members of the Yannigan crew. In fact, it was necessary for the New Castle team members to run from the ball park to escape injury from the hands of the fans.

This all happened in Akron, the fair sport town. It happened right before the eyes of President Morton of the league. He made no attempt to stay the mad antics of the fans. New Castle lost the first game, although the Nocks outbit the Tip Tops 2 to 1. The punk umpiring of the arbitrator was responsible for the defeat of the Nockland tribe.—New Castle Herald.

NEW CASTLE HOPES TO BE BOOSTED OUT OF DEBT

New Castle, Sept. 25—Although New Castle has been given second division baseball practically all season in the O. P. league, the fans have arranged for a monster booster day celebration to be held at Cascade park Friday. The stores will be closed and several industrial plants of the city will suspend operations from noon until 7 o'clock.

The New Castle team will play a team composed of players who make their home here. Among them will be Eli Wooley, this season with Leavonworth; Graffius, Southern league; Link Lowe, Detroit; Forkum, State college; Wilkey of the Montreal team and a number of others. The New Castle team is now about \$2,000 in the hole on the season and the booster day event has been arranged to raise money to wipe out the debt.

WE BET HE WILL NOT BE THERE

Backed by nearly 3,000 howling and wildly excited fans, A. T. Barden business agent of the Akron club, summoned the courage at Akron Saturday afternoon to call President A. C. Hyde a liar. Barden would not have dared say such a thing here or anywhere that President Hyde had a chance to face him on equal terms, when he was the cowardliness of his conduct.

President Hyde told the circumstances when talking Saturday evening by telephone from Akron with Treasurer Paisley. Mr. Hyde incidentally remarked that Barden would have a chance to explain his conduct when Akron next appears here, if Barden has the courage to accompany the team, as he always has in the past.—New Castle Herald.

BILLY SMITH'S TEAM MOBBED

Rioting marked a baseball fiasco at Akron Sunday afternoon. The Akron fans threw cushions, pop bottles and everything not literally nailed down at the New Castle club and officials when they refused to transfer the New Castle game to Akron. The New Castle players finally managed to escape from the grounds, but were followed by a howling crowd. President Hyde, Manager Billy Smith and Director Strohecker were roughly used by the crowd.—Toledo Times.

EVANS TO RESIGN

St. Louis, Sept. 25—Umpire Billy Evans, who was struck on the head with a pop bottle a week ago, has recovered and left the hospital. He departed for his home in Youngstown, O. He is undecided whether or not to quit baseball and may give up his position as umpire.

SMINK CONTINUES TO GET THE ROASTS

Umpire Smink's conduct on the Youngstown field will no doubt be brought to the attention of President Morton and may result in a suspension, at least the latter should be the reward of any man who will use such language as Smink is alleged to have addressed to Paddy Green, acting captain, Sunday. There is no excuse for such utterances. Umpires may make mistakes in decisions but when they follow it up with such language as they credit to Smink then there is absolutely no excuse to be offered. Smink should be handed his walking papers immediately if the charges made against him can be sustained.—Sharon Telegraph.

UMPIRES WILL GIVE GAMES TO AKRON

According to a well founded rumor from Akron, the Tip Tops will have very little trouble taking two games from New Castle here Saturday. The report is to the effect that President Morton has instructed two umpires here on Saturday, Hart and Bannon. The arbitrators have been instructed, it is said, to give the games to Akron at the least sign of disorder, so from that it can be seen that if a New Castle fan even cheers that both games will be given to the crooked team.
Akron will stop at nothing to carry off the rag, crooked work or foul play. Morton has denied that there was a riot in Akron Saturday and claims he was not there. He was there when the game started but it may be that he left the stand before the riot started.—New Castle Herald.

CITY LEAGUE SEASON CLOSED

The City league ball clubs composed of the Meridith, King, Jewett and Pratt clubs, have closed the season, although their schedule was not quite completed. This was necessitated on account of their lease on the Idlewild ball grounds having expired. The City league, although playing at a disadvantage was well patronized and gave the people a number of fine exhibitions of the national game. The players are to be congratulated on the excellent article of ball which they put up and a number of them ought to be found in fast company before long.

The Meridith team finished in the lead, having won 15 and lost 4 games. The King company was second, winning 14 and losing 5. Third honors went to the Jewetts, they having won 4 and lost 12. The Pratt Co. carried off the cellar honors, winning 3 and losing 14.

WANTS TO SEE NEWARK WIN

New Castle, Pa., Sept. 25.—Although robbed in Akron, New Castle will play square with regard to the other clubs and both Youngstown and Akron will have to play better ball to win from the Nocks this week.

Any other course would be unfair to Newark, which has been putting up a gallant fight for the O. & P. flag and deserves it, if it wins on the square. Akron is out of the running upon any such basis, as it has shown itself unfair, so fans here desire either Newark or Youngstown to win out, which ever can. But there will be no games presented by the Nocks upon a silver platter to Youngstown to enable the Giants to win.

ATHLETIC CLUB BEING ORGANIZED

A number of gentlemen of this city are organizing an athletic club and will take the necessary steps to have same chartered and licensed so that they can give athletic entertainments within the scope of the law.

The organization will probably be known as the "Newark Athletic club", and will consist of a membership of several hundreds. There will be no admission tickets sold at the door to any of the entertainments which the club will give, and only members will be eligible. During the approaching season a number of contests will be held which will include fencing, tumbling, bag punching and glove contests by some of the best known artists in the business.

MELANGE OF SPORT.

We got ours yesterday.
Sharon fixed the works for Akron.
Did you say that Marion was laying down?

It surely is a pretty race with the Molders favorites.
Only four more days until the close of the season. Can we land it?
Akron is being roasted all over the circuit for the disgraceful conduct of her fans.

President Morton is getting his these days and New Castle papers openly accuse him of questionable methods in working for Akron.
The Newark high school football team will play their first game of the season at Mt. Vernon, Saturday. A number of rooters will accompany the boys.

We still have a comfortable lead of five points and if we can double header today we ought to be able to hold it as both Akron and Youngstown are liable to lose a couple each.

Manager Quinn of the Marion O. & P. team has suspended Outfielder Farrell, without pay for the remainder of the season for misconduct.

Wild Bill Donovan has pitched 24 consecutive innings without a run—six against Cleveland, nine against Chicago and nine against New York.
Rube Waddell has pitched four long extra inning games in Boston. He has won 17, 18 and 22-inning contests there and the fourth was a 15-inning tie.

Bill Bradley, thought by many to be the best third baseman in the business, is ticketed to be replaced at Cleveland, which team will practically be a new one next season.
A harder race was possibly never made in any league, and if the three leaders travel as they have been, it will take the last game to decide the 1908 pennant.
It has already been decided that the pitchers on the Cleveland team will not be sent to Hot Springs next February, as has been the custom for two or more seasons. Results are all against the wisdom of the practice.

Hans Wagner now leads the batsmen of America with an average of .348. The big German looks good to finish in first place when the season closes. Cincinnati ranks third in the National league in the matter of making double plays. That looks as if the

Reds' infield was some speed after all. President Comiskey of the White Sox says he does not fear that Fielder Jones will drop the management of his team after this season. "He'll change his mind before spring," said Commy.

Charles Dryden, the famous baseball humorist, says no fans can rattle Pitcher "Rube" Waddell with megaphones or any other kind of disturbances because Rube hears funnier noises under his cap every minute than any fan can turn out.

W. A. Smith, manager of the pennant-winning Atlanta team in the Southern league, is scouting through the O-P circuit in search of players. Smith has seen two or three games thus far, and has stated that he will draft a couple of men from this league.

Was the 1907 pennant lost to Cleveland because Heinie Berger was not sent into the box in his regular turn all season? Whatever the fans may think about it, that is the opinion of many players on the Nap team.

Jennings is out with a prediction that the Tigers will win the flag by exactly two games.

News dispatches from Boston have it that Harry Ostidek has been drafted by the Boston Americans. Osse's name is given in a list of young players who will be tried out by the Pilgrims in 1908.

There have been 19 games in the American league that required ten innings to decide, nine eleven, thirteen of twelve, one of thirteen, four of fourteen, and one of fifteen so far this season.

The features of the races at Latonia are the \$1,000 handicap races.

The season of the New York state league has just closed and the pennant has been awarded to Albany.

Manager Patterson of the Sharon team is laid up with a bum foot, and Harry Kellar who played this season with the Steubenville club in the P. O. M. league, has been signed to finish with the Sharonites. He is playing first base.

Baer, a pitcher picked up by Patterson, looks like the goods. He used the "spitter" effectively against Youngstown Saturday and Akron yesterday. He has been pitching independent ball, and this is his first chances in fast company.

Connie Mack will try out a Northwestern University catcher named Rundle next spring.

S.S.S. REMOVES BLOOD HUMORS

When the blood becomes infected with unhealthy humors the effect is shown on the skin in the form of pimples, rashes, eruptions, or some other type of skin disease. These humors circulating in the blood, come in contact with the delicate tissues and fibres of the skin and produce irritation and inflammation, and often excessive itching and burning. Trying to cure skin troubles with external applications is treating the effect instead of the cause. Such treatment perhaps allays some of the itching and discomfort, but does not reach the blood where the real source of troubles lies. A thorough cleansing of the blood is the only cure for humors in the blood. S. S. S., a gentle acting, safe blood purifier, is the proper treatment. It goes down into the circulation and neutralizes the humors and removes them from the blood. S. S. S. supplies the blood with the fresh, healthy properties necessary to sustain the skin and keep it free from disease. S. S. S. cures Eczema, Tetter, Acne, Salt Rheum, pimples, boils, rashes, and all other skin affections and diseases, because it purifies the blood and removes the humors which are responsible for the trouble. AND KNIVES WERE USED WITH EFFECT IN A WEST END FIGHT.

William Moore Seriously Cut and is Now in Sanitarium—Arrests Were Made.

A melee in which bottles, knives, men and women figured, took place in an alley in the rear of Dick Holter's saloon at 146 Union street Wednesday night. As a result of the encounter, William Moore lies in the Sanitarium with the large muscle of the left arm severed, and Robert Moore, William Stamm and Mrs. Jack Stamm were police court visitors Thursday morning.

The trouble was similar to the Kentucky feuds and was carried out with careful regard to details. Several people were mixed up in the fight and all showed signs of their mixup. The case was called in police court Wednesday morning, but was continued until further witnesses could be secured. Robert Moore and Mrs. Stamm both pleaded guilty to fighting, but 18 year old William Stamm, who is said to have entered the fight through renege of his mother, and who is said to have cut William Moore, was not brought up from the city prison.

Mrs. Stamm runs a boarding house at 88 Pine street, and was released on her own recognizance to appear when called. Her son was released on \$100 bond, and Bob Moore was offered his release on \$50 bail.

James Madden, who was taken in with the rest pleaded guilty to being drunk, but denied that he was in any way mixed up in the fight. He was fined \$5 and costs.

The Roumanian fight case which has been pending for some time, was again continued until Saturday's session of police court.

MARVELOUS INVENTION CURES WEAK MEN

Patent Granted by the United States Government.

A new and scientific appliance invented by L. B. Hawley, M.D., will produce full manly power at first application. The effects are immediate and startling to a high degree. Develops strength and cures lost vigor. Positively no failures. Physicians endorse and use it in their practice. If you are the least skeptical as to the value of this remarkable treatment, send for illustrated circulars, take them to your family physician and get his opinion. This is the first time any one has requested you to take his circulars to your family physician. Why? Simply because he knows your physician will not recommend his treatment. Not so with this appliance. Your doctor will immediately grasp the idea, and when he does, he will recommend it. Nothing like it has ever been sold before. It works the same on every individual. Send to-day for free descriptive circular of this wonderful instrument. The moment you see it you will realize its possibilities. No C. O. D. or free trial schemes to catch the unwary. This is a plain business proposition that will appeal to you as the greatest opportunity ever offered to those who are weak. Address L. B. Hawley, M.D., 1291, Wisner Building Rochester, N. Y.

A LETTER

FROM EXPERT ACCOUNTANT A. M. WEBER TO MR. GEORGE P. WEBB.

Written a Week Before Latter's Funeral Testifies to the Ability of the Receiver.

Among the personal effects of Mr. George P. Webb, who was buried Tuesday afternoon, was a letter which he had received from A. M. Weber, of Cleveland, the expert accountant who for many months was engaged in straightening out the accounts of the Homestead Building and Savings company, of which Mr. Webb was receiver at the time of his death.

The association of these two men was very intimate, as their work threw them almost constantly together. No man was more conversant with the details of the failure of the association than Mr. Weber, and he also knew of the faithful and conscientious work of the deceased receiver. The letter was written at Cleveland just one week before the body of Mr. Webb was consigned to its last resting place, and is as follows:

Cleveland, O., Sept. 17, 1907.

Mr. Geo. P. Webb—

My Dear Friend— Joe Pugh sent me a marked copy of the Advocate, and was very sorry to learn you had given way under the strain incident to your duties as receiver. I sincerely hope your illness will pass away quickly so that you will be able to enjoy a much needed rest. You held up all right as long as the trouble lasted, then the tension you were under all this time, gave way. When you came down town last Thursday morning, I saw that you were in distress, you appeared to have no strength.

Take good care of yourself, and I have no doubt all will be well.

I want the time to come when you make your final report. What the people will say when they learn you produced over \$300,000 on an appraisal of \$248,000.

With kindest regards to Mrs. Webb and yourself, I am, Sincerely,
A. M. WEBER.

Every child of school age in Licking county is entitled that day to see the fair. Let them all come.

DELIRIUM TREMENS

Caused the Death of Samuel Buckalew at the County Jail Tuesday Afternoon.

Sam Buckalew, for many years a well known character around Newark, died at 4 o'clock Wednesday afternoon in the county jail of delirium tremens. Buckalew was sent to jail this last time from police court Monday morning, to serve out his fine, \$5 and costs, which would mean 18 days in the county bastille.

He has had several attacks of the "snakes" in the past few weeks, and Wednesday afternoon fell in a fit while in the corridor of the prison. Other prisoners carried him into a cell and notified Turnkey Christopher. He called Dr. H. B. Anderson, as the jail physician, Dr. Hornby, could not be found, but before the arrival of the doctor Buckalew died.

He is survived by an aged mother and a daughter about nine years old. He was released August 25th, after serving and 18 day sentence for drunkenness.

Clouse & Schawewer's opening display of fall and winter millinery will take place September 26, 27 and 28, Thursday, Friday and Saturday of this week. See large ad. in today's paper.

WORKING WOMEN, WHAT THEY SHOULD KNOW

MRS. SADIE ABBOTT MRS. PREE MCKITTRICK

Women for the most part spend their lives at home, and it is these women who are willing and ambitious that their homes shall be kept neat and pretty, their children well dressed and tidy, who do their own cooking, sweeping, dusting and often washing, ironing and sewing for the entire family, who call for our sympathy.

Truly the work of such a woman is "never done" and is it any wonder that she breaks down at the end of a few years, the back begins to ache, there is a displacement, inflammation or ulceration of the abdominal organs, a female weakness is brought on, and the struggle of that wife and mother to continue her duties is pitiful.

Lydia E. Pinkham's Vegetable Compound, made from native roots and aros, is the exact medicine a woman needs whose strength is overtaxed. It keeps the feminine organs in a strong and healthy condition. In preparing for childbirth and recuperating therefrom it is most efficient. It carries a woman safely through the change of life and assists her to be a good wife and mother.

Mrs. Sadie Abbott, of Jeannette, Pa., writes:

Dear Mrs. Pinkham—

"I suffered severely with pain every month and also a pain in my left side. My doctor prescribed for me but did me no good. A friend advised Lydia E. Pinkham's Vegetable Compound and I wrote you in regard to my condition. I followed your advice and am a perfectly well woman. The pains have all disappeared and I cannot recommend your medicine too highly."

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Mrs. Pree McKittrick, of La Farge, Wis., writes:

Dear Mrs. Pinkham:

"For six years I suffered from female weakness. I was so irregular that I would go from three weeks to six months, so I thought I would give Lydia E. Pinkham's Vegetable Compound a trial.

"Now I am once more well and can do my work without a pain. Any one who wishes, can write to me and I will answer all letters gladly."

Women should remember that Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of female ills. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

76TH REGIMENT HELD REUNION

SURVIVORS OF FAMOUS ORGANIZATION ONCE MORE GREET EACH OTHER.

Day Spent in Enjoyment of a Renewal of Acquaintances and Appropriate Program.

Newark, always noted for her large hearted, open handed hospitality, was very proud Wednesday to entertain the surviving veterans of the gallant old Seventy-sixth regiment, O. V. V. I., in its annual reunion, held in Memorial Hall, this city. While Newark always feels proud and honored to entertain any of the gallant soldiers of the Civil war who fought for the stars and stripes in that terrible struggle that is now passed into history, she is especially proud to entertain the Seventy-sixth regiment, because it is pre-eminently Licking county's own regiment, having been principally recruited in Newark and Licking county. Hundreds of Licking county's bravest and best sons went forth to battle for the Union under the flag of the gallant old Seventy-sixth. Hundreds of them never returned to home or loved ones, and no regiment of all the Union army in that long, terrible and bloody conflict, has a more valiant or a more glorious record than the Seventy-sixth regiment, O. V. V. I.

No regiment in the army marched over more of the seceding states or traveled more miles, either marching, by railroad or transport, than the Seventy-sixth Ohio infantry. They were in all the seceding states except Florida and Texas, traveled about 10,000 miles, and it would not be easy to find a regiment that was in more battles, sieges and skirmishes. It was recruited by Col. Charles R. Woods, who was a captain in the regular army when the war broke out. He commenced recruiting it in August, 1861, at Camp Sherman, near Newark, Ohio, and completed its organization in January, 1862.

We can give here only a partial list of the battles in which this regiment bore an honorable part, can be given, but the following list has been compiled, and will be read with interest by Licking county people:

Fort Donelson, Tenn., February 14-16, 1862.
Shiloh, Tenn., April 6-7, 1862.
Corinth, Miss. (siege of) April 30 to May 30, 1862.
Milliken's Bend, La., August 18, 1862.
Chickasaw Bayou, Miss., December 29, 1862.
Arkansas Post, Ark., January 11, 1863.
Vicksburg, Miss. (siege of), May 18 to July 4, 1863.
Canton, Miss., July 9-16, 1863.
Jackson, Miss., July 9-16, 1863.
Lookout Mountain, Tenn., November 24, 1863.
Mission Ridge, Tenn., November 25, 1863.
Ringgold, Ga., November 27, 1863.
Resaca, Ga., May 13-16, 1864.
Kenesaw Mountain, Ga., June 9-30, 1864.
Atlanta, Ga. (Hood's first sortie), July 22, 1864.
Atlanta, Ga. (siege of) July 28 to September 2, 1864.
Jonesboro, Ga., August 31 to September 1, 1864.
Lovejoy Station, Ga., September 2-6, 1864.
Ship's Gap, Ga., October 16, 1864.
Gadsden, Ala., October 26, 1864.
Columbia, S. C., February 16-17, 1865.
Bentonville, N. C., March 19-21, 1865.

On the 4th of January, 1864, nearly all the members of the regiment reenlisted, and on the 30th returned to Ohio on a veteran furlough of 30 days, going by rail and arriving at Columbus, February 9, and returning by rail to Nashville and marching from there to its former camp at Point Rock by way of Huntsville, arriving in camp March 31. It remained in that camp until May 1, then marched to Chattanooga, Tenn., and on the 6th of May, when Sherman's Atlanta campaign commenced, marched through Snake Creek Gap and took part in the battles of Resaca, Dallas, Kenesaw Mountain, the battle of the 22d before Atlanta, and the battles of Ezra Chapel, Jonesboro, and Lovejoy, then went into camp at East Point, near Atlanta. It remained in that camp until October 1, when it marched in pursuit of General Hood, marching northward through Marietta, Altoona, Kingston, Rome and Resaca, and through Snake Creek Gap to Villenow, where it had a little scrap with the retreating rebels, then marched down the valley of Little River two or three days, and turning its course crossed the Coosa river at Cedar Bluff, and arrived at Bing's station on the Atlanta railroad on the 7th of November, the day of the presidential election. Here the regiment was set to work tearing up the railroad and cutting off all communication with the North, and preparing for the grand "March to the Sea," leaving Atlanta on the 15th of November, and with the Fifteenth Army Corps, taking Macon in the course and finally taking part in the capture of Savannah. It continued its

march with Gen. Sherman's army through the Carolinas, was in the battle of Bentonville, and at Raleigh, N. C., at the final surrender of Johnson's army at that place, and then marched through Richmond to Washington, taking part in the grand review, then went by rail to Parkersburg, on the Ohio river, and by transport down the river to Louisville, Ky., and remained there in camp until July 15, 1865, when the regiment was mustered out of service and returned by rail to Columbus, Ohio, where the officers were mustered out July 20. Its losses in killed and wounded and by sickness during the war were severe.

The Colonel, Charles R. Woods, had been promoted to major general, and after the war a Supreme Judge of the United States; and the major, Willard Warner, became colonel of the 118th Ohio, and afterwards adjutant general on Gen. Sherman's staff. The 76th belonged to the first division of the Fifteenth Army Corps of the Army of the Tennessee. Few regiments in the army of the Union can show a better record of long marches or participation in more battles.

Wednesday Morning's Session.

The morning session was held at 10 o'clock, the meeting being called to order by the president of the association, Charles H. Kibler, who was elected president for life in 1905.

Mr. Johnson Haughey acted as secretary, Mr. Finley Stafford, having regularly elected secretary, having died during the year. Mr. Haughey read the minutes of the reunion of the regiment held at Uhrichsville in 1906, which were approved.

Capt. John Hiser, as treasurer of the association, then gave a detailed statement of the receipts and expenditures during the year, showing a balance on hand of \$26.97.

During the past year the vice president of the association, Mr. Finley Johnson, of Uhrichsville, passed away, and it became necessary to elect a vice president in his place. George W. Earl of Massillon, O., was elected to fill the vacancy.

Captain John Hiser is treasurer of the association, having been elected to the position for life, and Captain J. M. Scott of Granville is chaplain. C. W. Hull is the corresponding secretary.

On motion of Captain J. M. Scott, William Montgomery of Company B, was elected color bearer, he to have two assistants.

At the close of the business session the time was taken up until noon in registering and paying dues, and in greeting old comrades, when all partook of a splendid dinner served by the ladies of the Relief Corps.

Wednesday Afternoon.

The camp fire in the afternoon was opened by the large audience singing "America," after the invocation had been spoken by Captain J. M. Scott of Granville.

Col. Kibler, the president of the Association, said that some one had presented Captain J. M. Scott and himself with two magnificent bouquets of flowers. He said that in view of the fact that Captain Scott's daughter was to be married Wednesday night he proposed that the flowers be sent to her with the compliments of the association. A motion to this effect was made and was carried unanimously.

Col. C. H. Kibler then read portions of the history of the regiment written by Comrade Chas. A. Willson, a private in Co. I, now a prominent banker in Fenimore, Wis. The history was exceedingly interesting to those present.

Comrade Griff Rosebraugh sang a song composed by himself, "The Red, the White the Blue," which aroused great enthusiasm on the part of his hearers. For encore he sang "A Very Unfortunate Man."

Rev. J. L. Wily of the First Iowa Cavalry, of Granville, delivered an address of a reminiscent and historical nature, which was greatly appreciated.

The piano duet by Misses Dorothy Kibler and Mary H. Neal was very pleasing and elicited hearty applause. Interesting addresses were made by Comrades David Davis, M. R. Scott, G. W. Earl, Captain J. M. Scott and others.

Comrade Charles W. Hull favored the audience with a beautiful selection, which was rendered in a most pleasing manner and won the hearts of all present.

President Kibler read the list of those who have passed away during the past year. They were:

Robert McFarland, Co. A; General Willard Warner, Frank Kilworth, Co. E; Finley Johnson, Co. H; Christopher D. Pendleton, Co. H; Fred Bishop, Co. C; Finley Stafford, Co. E; Phillip Tilton, Co. I; E. J. Chapin, Co. A.

The following resolution offered by Comrade Davis, was unanimously adopted:

Resolved, That as a permanent memorial to the memory of the deceased comrades, the list of the dead who have died since our last reunion be entered upon the minutes of the society.

Resolved, That we greatly feel and deplore their loss from our ranks, and affirm that they died for their country, for they gave their best years of their lives and their strength to the service of their country.

It is almost as hard to dodge a bill collector as to dodge an automobile, but when the bill collector comes in a motor car it is impossible.
